Description : Description du produitA never-before-published Anita Blake, Vampire Hunter story from New York Times bestselling author Laurell K. Hamilton. A brand-new story from New York Times bestselling author Charlaine Harris, featuring the much-loved Sookie Stackhouse. A hot new novella from USA Today bestselling author MaryJanice Davidson, set in the world of Undead and Unwed's Betsy Taylor, the newly, and reluctantly,crowned Vampire Queen. Introduced in the collection Hot Blooded, and on the heels of the wildly successful Master of the Night, Angela Knight has created a fascinating universe of Arthurian Lore and erotic vampirsim. And a sexy original story from Vickie Taylor, a new addition to Berkley Sensation.

Prsentation de l'diteurThe bite is back in vampire fiction as five of todays most provocative authors cast their irresistible spells on you Follow a vampire hunter who can be as deadly as her prey. Meet a down-home southern girl whos found out, much to her chagrin, that vampires are her type. Feel the euphoria of fear in the shadow of a reluctant queen of the undead. Step closer to the hot-blooded edge of passion as a strange new mythology of the night is unveiled. Includes never-before-published stories featuring vampire hunter

Anita Blake and everyone's favorite vampire-loving waitress, Sookie Stackhouse.From Publishers

WeeklyThose looking to take a brief taster's tour through five sexually charged paranormal worlds may enjoy the stories and novellas served up in this anthology, but readers with an appetite for something a little more meaty likely won't be sated. Although Hamilton's name dominates the cover, her contribution is a meager 30 pages, which amounts to little more than a teaser for her next Anita Blake novel. Harris's offering is similarly slim and static, though it shows off the cleverness of Sookie Stackhouse, the psychic heroine of her Southern Vampire series (Dead to the World, etc.). By far, the collection's best offerings are Knight's "Galahad" and Taylor's "Blood Lust." In the former, a fledgling Majae (i.e., witch) teams up with the famed knight Sir Galahad, who's really a benevolent vampire, to destroy a nest of deadly cultist vampires. And in the latter, Taylor imagines a much more traditional world, wherein vampires can't touch anything sacrosanct and are organized hierarchically, a system the protagonists, a junior vampiress and a microbiologist-turned-vampire, are about to dismantle. The action moves swiftly in both stories, as does the romance, but like the other entries in this anthology, they lack depth and development. Nevertheless, this is a suitable introduction to the various worlds these authors have popularized. (Jan.) Copyright Reed Business Information, a division of Reed Elsevier Inc.
