## Description :

Prsentation de l'diteurREVENGE: a terrifying tale of ritual murder and obsession.Readers have described this book as: Gripping and gruesome . . . a real page turner. Fast paced. Great characters with their complicated lives, past and present, coming to the surface after the discovery of a body in the woods . . . After that the plot thickens and life will never be the same again for so many people.A gripping tale. The pace is fast and the cast of characters never cease to amaze and shock in equal measure. Great read . . . The

pace was fast . . . I loved the twists and turns and it kept me guessing. I am dying to read the next instalment as I want to find out what happens next with the main character. The discovery of mutilated corpses buried in shallow graves indicates that a serial killer is at large. Bizarre ritualistic elements to the murders create a disturbing modus operandi, demonstrating a sick and warped mind at work. The bodies are unidentified, yet no one is reported missing. The frequency of the murders is increasing. This killer is out of control and someone else is about to die. Detective Inspector Jemima Huxley teeters on the edge of a precipice, as self-harming becomes a way of life. With each passing day she finds it increasingly difficult to stifle personal demons as she battles to stay in control and keep up the pretence that everything is fine. The timing could not be worse when she is called upon to lead the biggest case of her career. And just when lives depend upon her she plummets to an all-time low plagued by exhaustion, and fixated upon her own problems. The pressure mounts as Huxley struggles to get inside the killers head. And as the investigation progresses she uncovers shocking secrets, so well hidden that even those closest to the truth are unaware of the full extent of the deception, or the danger they are in. When the facts are finally exposed it becomes a race against time to save the next victim.
