Description :

Prsentation de l'diteurA woman has vanished while digging a dinosaur bone bed in the remote wilderness of Canada. Somehow, the only evidence has made its way to the inbox of Chief Medical Examiner Kay Scarpetta, over two thousand miles away in Boston. She has no idea why.But as events unfold with alarming speed, Scarpetta begins to suspect that the paleontologists disappearance is connected to a series of crimes

much closer to home: a gruesome murder, inexplicable tortures, and trace evidence from the last living creatures of the dinosaur age. When she turns to those around her, Scarpetta finds that the danger and suspicion have penetrated even her closest circles. Her niece Lucy speaks in riddles. Her lead investigator, Pete Marino, and FBI forensic psychologist and husband, Benton Wesley, have secrets of their own. Feeling alone and betrayed, Scarpetta is tempted by someone from her past as she tracks a killer both cunning and cruel.

Revue de presse'Her genuine affection for, and interest in, her main character radiates through the novel, and her research for *The Bone Bed* is as thorough as ever. Where Cornwell excels is in her ability to transcend the clichés and deliver a good, old-fashioned thriller that has enough CSI-style touches to draw in the forensics-obsessed fan while never taking her eye off her plotting and characters' --Sunday Business Post Ireland
